Megan Torretta is a skilled Litigation Legal Assistant and Paralegal, providing essential support to partners and associates in case preparation and management. With experience in the legal field since 2020, she has worked on a range of complex cases, including medical malpractice, toxic tort, and personal injury. Her attention to detail and dedication help ensure efficient and effective case handling from start to finish.

When she's not submerged in her work, she enjoys family time, maintaining her wildflower garden, baking something with sourdough, and long walks with her dogs.

Her life motto comes from Philippians 4:13 "I am able to do all things through him who strengthens me."
